Take advantage of all Aplus.Net has to offer. **With the eCommerce Plan, you get the very best** in eCommerce and UNIX hosting. You get your own credit card payment gateway, so you don't have to seek out another vendor to process online transactions. Your site also gets its own IP address, which boosts search engine placement and is necessary for SSL certification, a safety must-have for any online business. The eCommerce Plan also gives you the power and flexibility of MIVA, the leader in shopping cart technology. You need the very best web hosting for your business. **You need The eCommerce Plan.**
